

REGIONAL SUPPORT OFFICE
THE BALI PROCESS

STRATEGIC PLAN

2021 - 2022

Co-Managers Foreword

This *Strategic Plan 2021-22* is the primary planning document for the Regional Support Office of the Bali Process (RSO). It sets out our purposes, what we do to achieve them and how we report on our performance. It is guided by the core purpose of the Bali Process being a forum for policy dialogue, information sharing and practical cooperation to help the region address the challenges of people smuggling, trafficking in persons and related transnational crime. Finally, it demonstrates the RSO's contribution to achieving commitments made at Bali Process Ministerial Conferences, Senior Official Meetings and Working Groups.

The final year of the *Strategic Plan 2021-22* coincides with the 20th Anniversary of the Bali Process on People Smuggling, Trafficking in Persons and Related Transnational Crime. We anticipate the 20th Anniversary will provide opportunity for Bali Process Members to reflect on the achievements and successes as well as challenges of this regional forum and consider opportunities for the RSO into the future.

We commend to Bali Process Members the *Regional Support Office Strategic Plan 2021-22*.

Regional Support Office

The Regional Support Office to the Bali Process (RSO) was established in 2012 as a unique regional mechanism that brings together relevant **Policy knowledge, Technical expertise** and **Operational experience** from Bali Process members and other key stakeholders to develop practical initiatives that address people smuggling, trafficking in persons and related transnational crime.

The *Strategic Plan 2021-22* guides the activities of the RSO for the 2021-2022 period, including the development of Annual Work Plans. The *Strategic Plan 2021-22* reaffirms the RSO's mission to reduce irregular migration from, to and through the Asia-Pacific region and strengthen practical cooperation on countering people smuggling, trafficking in persons and related transnational crime, including migration and border management as well as refugee protection.

Guiding Principles

Four guiding principles shape how the RSO achieves our objectives.

- **Participatory and consultative** engagement with State and International Organisation Members, private sector and other partners
- **Inclusive, non-discriminatory, gender-sensitive** and supportive of **gender equality**
- In line with **international law, norms and standards**, including human rights and refugee law
- **Responsive and adaptive** to needs and emerging priorities of Bali Process Member States and International Organisations
