Dear Shaeron,

Khudairi Group is committed to addressing the issues around human trafficking and modern slavery. This is an issue in Iraq due to the many displaced and orphaned children. Thousands of children are left homeless and susceptible.

Our organization is committed to supporting local organizations in Iraq such as Justice Gate and Iraq Health Access Organization. We are committed to learning more about this global issue and how we can do our part to eradicate modern slavery.

As part of our role in the forum, we would like to encourage partnerships with Iraqi NGO's. We are willing to facilitate training and development programs with Iraq's Ministry of Labor and Social Affairs.

Regards,

Mohammed Khudairi

Managing Partner
